PHILOSOPHY AND GOAL

In keeping with the philosophy that no student should be denied a college education simply because of lack of funds, the Financial Aid and EOPS Offices of the San Diego Community College District are dedicated to assisting as many students as possible given the funding available each year.

The goal of the Financial Aid Office is to assist with financial concerns so that you might obtain maximum benefit from the educational opportunities available.

The Financial Aid and EOPS Offices at each college recognize that your situation is unique, and your application is carefully analyzed with complete confidentiality regarding your personal financial information.

Information regarding academic programs, facilities, faculty, student services, and the refund policy for tuition and fees are printed in the college catalog. You may obtain a catalog by contacting the campus bookstore.

REQUIREMENTS

You should apply early for financial aid whether or not you have been accepted for admission to the San Diego Community College District. However, we cannot begin processing of your application until you apply for admission to the college.

- You must be enrolled in a program of study leading to an associate degree, certificate of achievement, or transfer to a college/university, institution or in San Diego Mesa College Bachelor Degree program.

- Each SDCCD campus is a separate institution and awards aid independently. You must choose one campus (City, Mesa, or Miramar) where you plan to complete a program and degree objective and receive your financial aid.

- You are encouraged to follow an Academic Plan and to enroll only in classes towards your stated educational goals. You are also required to apply for financial aid from the campus that offers your declared major. Failure to do so could result in denial of financial aid.

- If your legal or mailing address is located in another state and you are enrolled in all online (web) classes, you may not be eligible for federal financial aid. Check-in with your campus Financial Aid Office or visit https://www.sdccd.edu/docs/SSDept/SSDocs/OnlineStatesNotPermitted.pdf

- You must meet and maintain the standards of satisfactory academic progress. Please refer to pages 15-18 for “How to Qualify for and Keep Your Financial Aid.”

- Some Federal and State programs require students to be high school graduates.

- As of July 1, 2012, you must have a high school diploma, General Education Diploma (GED) or a State approved High School equivalency. With the elimination of the Ability to Benefit (ATB) regulations, students will no longer have the option to pass an ATB test or to successfully complete 6 core/degree-applicable units to qualify for aid, unless they have had any college activity prior to July 1, 2012. Students, who had previously qualified under the ATB regulations, will continue to be eligible to apply for Federal Financial Aid.

- You must NOT be in default on any Federal Education Loan (Perkins, Stafford, PLUS, Direct), or any other Federal loan at any college or institution.

- You must NOT owe a refund or repayment on any Title IV grant program (Pell, FSEOG, State Student Incentive Grant) at any college or institution.

- You cannot receive aid while simultaneously enrolled in elementary or secondary school (high school) and college. You cannot receive federal or state grants and loans from two (2) colleges and/or universities at the same time.

- You must have financial need as determined by the Federal Methodology.

You may be required to provide proof of U.S. citizenship. Eligible non-citizens may be required to provide proof of permanent residency for federal aid. (Alien Registration Cards I 94, I 155, I 688 or U.S. Immigration and Naturalization letter granting asylum, etc.). Students with only “Work Authorization” status from the USCIS/DHS and the SSA are not Title IV eligible. International/Foreign Students (I-20 Visa holders) are also not eligible for financial aid. For further information regarding other eligible immigration status, please contact your Financial Aid Office.

Your FSA ID confirms your identity when you access your financial aid information and electronically sign Federal Student Aid documents. If you do not already have an FSA ID, you can create one when logging in to https://studentaid.gov/fsa-id/create-account/personal-info.

IRS Tax Return Transcripts

RE-APPLYING FOR AID
(To be re-considered for aid)

You must re-apply for aid each academic year. You may do this by completing the online FAFSA application at Studentaid.gov or completing a new paper FAFSA and mailing it to the processing center.

You may access your renewal application data using the Renewal FAFSA on the website. The Federal Student Aid system reminds most continuing students via email to re-apply for aid online. The processing center will not send a paper Renewal FAFSA in the mail as the paper Renewal FAFSA request process was ended.

To renew your Cal Grant, you must complete the renewal application, a new FAFSA or CA Dream Act application (for those eligible). Keeping your Cal Grant award from year to year requires that you maintain satisfactory progress and meet any additional criteria established by the California Student Aid Commission and/or state legislation.

\[
\text{Cost of Education (COA)} - \text{Expected Family Contributions (EFC)} = \text{Financial Need}
\]

Your Expected Family Contribution (EFC) is the amount you and/or your spouse and/or your parents, if applicable, are expected to contribute for educational costs. Your EFC is calculated using the information you report on your FAFSA, such as taxable income, non-taxable benefits, assets, household size, etc. Your EFC is subtracted from your student Cost of Education. The difference is your financial need.

The EFC is calculated according to a federal formula established by law. Your family's taxed and untaxed income, assets, and benefits (such as unemployment or Social Security) all could be considered in the formula. Also considered is your family size and the number of family members who will attend college or career school during the academic year. Any additional financial resources such as AmeriCorps, or any outside scholarships, BIA grants, fee waivers, etc. are aid resources and will be deducted from your financial need.

If you do not qualify for financial assistance but you have special circumstances such as loss of employment or income, separation or divorce, death of a parent, etc., please contact the Financial Aid Office for further assistance.

CCPG WAIVER - HOMELESS STATUS

Effective July 1, 2017, AB 801 amended CA Education Code section 66025.9(b)(2) to state that “homeless youth” a student of 25 years of age, who has been verified at any time during the 24 months immediately preceding the receipt of his or her application for admission under the federal McKinney-Vento Homeless Assistance Act will be eligible for the CCPG waiver for a period of six years from the date of admission to the postsecondary educational institution or until the age of 25, whichever comes first. If a student applies and receives homeless youth status verification in one district, and subsequently applies in another district, they may risk losing their homeless youth status.

LOSOFF CCPG WAIVER

Effective Fall 2016 semester, new State regulations have changed eligibility requirements for the CCPG Waiver (formerly BOGW). Students who have not met the college’s Satisfactory Academic Standards for two consecutive terms will no longer qualify for a CCPG the following term. This is based on State regulations. Academic Lack of Progress/Probation is determined in two ways.

- Lack of Progress - is determined by the number of “W,” “I,” or “NP” grades. You must complete 61% of all units attempted to maintain good standing.
- Grade Point average – you must maintain a minimum 2.0 grade point average at all times.

The Golden State Education and Training Grant Program (GSETGP) supports Californians who lost their jobs due to the COVID-19 pandemic with a one-time grant of $2,500 to reskill, up-skill, and access educational or training programs to get back into the workforce.

Eligible applicants:
- Were displaced from employment due to the COVID-19 pandemic
- Were not enrolled in a training program or institution of higher education at the time they were displaced from employment
- Have been unable to obtain employment that provides an average monthly wage that is equal to or greater than the average monthly wage received from their employment prior to the COVID-19 pandemic
- Meet the income and asset criteria to be eligible for a Cal Grant A award (pursuant to subdivision (k) of California Education Code Section 69432.7)
- Are enrolled in a qualified education or training program, including at any California community college, California State University, or the University of California.

Applicants can apply online at www.gsetgp.csac.ca.gov by logging into their CSAC Account. If they do not have an account, please create one using the “first-time user” registration option.

Though the completion of the FAFSA/California Dream Act Application is not needed for this program, we encourage students enrolling in college to complete the FAFSA or Dream Act application to qualify for any additional financial assistance.

LEARNING-ALIGNED EMPLOYMENT PROGRAM (LAEP)
The Learning-Aligned Employment Program (LAEP) was established in the 2021-22 California State Budget and is administered by the California Student Aid Commission (Commission), in consultation with the office of the President of the University of California (UC), the office of the Chancellor of the California State University (CSU), and the office of the Chancellor of the California Community Colleges (CCC). LAEP provides eligible underrepresented college and university students with the opportunity to earn money to help defray their educational costs while gaining education-aligned, career-related experience. Contact the Financial Aid Office for more information.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)
The state-funded EOPS program is designed for the recruitment and retention of low-income, educationally challenged students who otherwise may not be able to attend college. A student is required to enroll in and complete at least 12 units a semester. EOPS may also provide many supportive services to eligible students such as grants, book assistance, individual counseling and Academic Planning, tutorial assistance, financial aid application assistance, transfer assistance to four-year colleges, personal growth and academic success workshops, ASB services, and emergency loans.

FEDERAL DIRECT LOAN PROGRAM
The Federal Direct Loan is a federal loan program where you borrow directly from the Federal Government. The interest rate for new loans is a fixed rate which is currently 4.53% for loans first disbursed on or after July 1, 2020. Please check with the Financial Aid Office for the interest rates for the 2022-2023 school year. New Federal regulations require schools to disburse loans only after the signed Promissory Note has been accepted. You are required to pay the Dept. of Education loan processing fees which are currently 1.057%. The fees are deducted from the proceeds of your loan.

For new loans first disbursed on or after July 1, 2012 through June 30, 2014, the federal government will no longer subsidize (pay) the student loan interest during the six-month grace period. The grace period is the time between when the student graduates or drops below half-time status and the time when the student must start repaying the loan. Students are encouraged to check with their Loan Servicer for any available options to assist with their loan repayment.

To qualify for a loan, a student must be enrolled in at least six units, demonstrate Satisfactory Academic Progress for Financial Aid Recipients, and must demonstrate financial need through the federal methodology using the FAFSA Application. To apply for a Federal Direct Loan, students must complete a mandatory loan entrance counseling session. Students must contact the Financial Aid Office or visit the College website for application procedures.

You may complete the entrance counseling session online at www.studentloans.gov
The Financial Aid Office will be notified when the session has successfully been completed. In addition, you must fill out a Loan Request Form from your Financial Aid Office. You must complete an on-line multi-year Master Promissory Note at: www.studentloans.gov

You will also be required to submit an Academic Plan and be enrolled at the campus of your declared major. Please ask your Financial Aid Office for more information. The actual loan amount for which you are eligible will be determined by the Financial Aid Office. Funds will be disbursed twice per loan period.

If you are a first-time student or borrower, your check will not be disbursed until at least 30 days after the start of the semester. If you have “Late Start” classes, you must be actively attending classes in at least six units for loan funds to be disbursed.

Congress approved a new lifetime limit on Subsidized Direct Loans for subsidized loans disbursed on or after July 1, 2013. Students will be limited to 150% of subsidized loan eligibility based on their program.

What does this lifetime limit mean for students?
The 150% change means students in a four-year program will be eligible for subsidized student loans for the equivalent of six years, or three years for students in a two-year program. The San Diego City College and Miramar College are approved as a two-year program. Students in the San Diego Mesa College HIM Bachelor’s Degree program are in a 4-year program. The student who reaches this limitation could continue to receive unsubsidized Stafford loans if he or she is otherwise eligible (for example, has not run afoul of the school’s satisfactory academic progress requirements, or is in a group that is not eligible for an unsubsidized loan in the San Diego Community College District). However, if a student reaches the limitation, at that point, the subsidized loans borrowed lose their “subsidized” status from that point on. The Student Loan Program is not available to students accepted into the Comprehensive Transitional Program C2C.

PARENT PLUS LOAN
If you are a dependent undergraduate student, your parents may borrow from the PLUS loan program. The amount borrowed may be up to the Cost of Education (page 6) minus any financial aid. Checks will be mailed to the borrowing parent. Parents must begin repayment within 60 days of receiving the full disbursement of the loan. The interest rate is a variable rate determined on June 1 for the following award year. The student must have filed a FAFSA and meet all other financial aid eligibility requirements. Please contact your campus Financial Aid office or web page for detailed instructions.

ENTRANCE AND EXIT LOAN COUNSELING
Federal regulations require that all student loan applicants complete an entrance counseling session (see Federal Direct Loan Program) and if you cease to be enrolled in at least 6 units with the San Diego Community College District, you must complete an exit loan counseling session. It is your responsibility to notify your Financial Aid Office if you drop below 6 units during the semester. At the time of the counseling session you will be given information about your loan obligations and repayment options. You may complete the exit counseling session online at: www.studentloans.gov.

DIRECT LOAN REPAYMENT OPTIONS
There are several different ways to repay a Federal Direct Loan.

Standard Repayment Plan
A fixed monthly repayment amount for a fixed period of time, usually 10 years.

Extended Repayment Plan
A lower fixed monthly payment amount and loan repayment can be extended from 12 to 30 years depending on the amount borrowed.

Graduated Repayment Plan
Usually begins with lower monthly payments; then payment amounts increase at specific times. Payments may be for the usual 12-year period, or they may be extended up to 30 years depending on the amount borrowed.

Income-Sensitive Repayment Plan
Sets annual repayment amount based on the borrower’s income after leaving school. The loan is repaid over an extended period of time, not to exceed 25 years. Any amounts not repaid after 25 years will be discharged but the amount discharged must be reported on your tax return as taxable income.

Pay as You Earn Repayment Plan
Your maximum monthly payments will be 10 percent of discretionary income, the difference between your adjusted gross income and 150 percent of the poverty guideline for your family size and state of residence (other conditions apply). Your payments change as your income changes.

Borrowers have up to 20 years to repay their loans. Any amounts not repaid after 20 years will be discharged but the amount discharged must be reported on your tax return as taxable income.

You can view the different repayment options available to you, and calculate your estimated monthly payment based on the amount of loans you have received. The website to calculate the different payment options available to you is: http://studentaid.gov/repay-loans/understand/plan

If you have previously borrowed under the FFELP and your school now participates in Direct Loans, you may have a combination of FFELP and Direct Loans.

OTHER SCHOLARSHIPS
Thanks to the generosity of the Bernard Osher Foundation and matching funds from other agencies, students can apply for a $1,200 scholarship. Students must meet the following criteria:

- Must have completed 24-degree applicable units by the beginning of the Fall 2020 semester and be enrolled at least half-time (6 or more units) during all terms in the academic year.
- Must be enrolled at the college where you will be receiving your financial aid, including the Osher Scholarship.
- Must be a CCPG Waiver recipient for the 2022-2023 school year.
- Must have submitted a FAFSA, or the California Dream Act for the 2022-2023 school year and demonstrate financial need.
- Must be making satisfactory progress towards a degree based on the San Diego Community College District’s policy.

Please contact the Financial Aid Office for yearly deadlines and applications.

Other institutional and private scholarships are available at San Diego Community College District (City, Mesa and Miramar). Please contact the Scholarship Office for additional resources for opportunities.
PACKAGING, AWARD NOTIFICATION, & DISBURSEMENT OF FINANCIAL AID FUNDS

Once your financial need is determined, we will put together a “package” of financial aid. Your aid package may consist of grantmoney and/or Work Study. The priority for awarding FSEOG (must be a Pell recipient) and FWS will be based on the following:

- the date your financial aid file became complete
- the date your FAFSA was processed by The Department of Education
- your financial need

An offer of Financial Aid is sent to each eligible student. You will be notified of the estimated (actual) disbursement dates with your award offer. You may check your award using the my.sdccd.edu portal “View My Financial Aid”.

DISBURSEMENT OF AID AND YOUR ENROLLMENT LEVEL

The award amounts listed on your Award Letter are estimates based on full time enrollment. You do not necessarily need to be enrolled full time in order to receive financial aid funds.

However, if you are enrolled less than full time, your award will be prorated according to your enrollment level and/or possibly canceled depending on the specific program enrollment level requirements. Your enrollment level is “locked” after the end of the “Add and Drop” period when the automated system sets your first disbursement for the semester. Occasionally students have no access to financial aid funds due to factors such as: there is no class enrollment at the campus where your financial aid was packaged or the school code for the campus was never added to the FAFSA.

Enrollment Levels for Fall, Spring, and Summer are:

- **Full Time**, 12 units or above  
  = (100% of the award)
- **Three-Quarter Time**, 9 – 11.5 units  
  = (75% of the award)
- **Half Time**, 6 – 8.5 units  
  = (50% of the award)
- **Less than Half Time**, 0.5 – 5.5 units  
  = (25% of the award or less depending on the EFC)

The Federal Pell Grant Program is the only Federal or State aid program that can be disbursed for students enrolled at Less Than Half-Time.

RETURN OF FEDERAL FUNDS POLICY

Title IV funds (Federal Student Aid) are awarded under the assumption that students will attend school for the entire semester for which the funds are awarded. Schools are required to apply the Return of Title IV calculation to the record of any aid recipient who does not complete their period of enrollment/semester. The school will determine that students are no longer enrolled when the semester academic load changes to zero (0) units for the semester.

1. If a student withdraws after completing 60% of the term, the student has earned 100% of the Title IV funds awarded/received.
   a) If all eligible funds are yet to be fully disbursed at the time of the calculation, the student will receive a Post Withdrawal Disbursement notification letter informing of the award eligibility, the amount that the student is eligible to receive, the deadline to respond and the instructions on how to accept the disbursement.

2. If a student withdraws from all classes on or before the 60% point of the term, the student may be required to repay the portion of the aid which was determined to be unearned. The calculation will determine the amount to be returned by the college, the student or both.
a) Any portion of the aid disbursed for which the school is responsible to repay to the U.S. Department of Education’s said program(s) will be returned as soon as possible but no later than 45 days from the date of determination of the withdrawal.

b) If a student is required to repay any unearned portion of the award disbursed (directly to the student or used to pay the school), the student will receive an email notification detailing the amount owed and the name of the program. The student will have 45 calendar days from the date on the notification to repay the funds directly to the school. After the 45th day, the overpayment will be reported to the US Department of Education for collection. The student will be ineligible for any additional Title IV funds until the repayment is resolved. Once the balance owed is transferred from the college to the U.S. Department of Education, the student can contact the Department of Education by calling 1-800-621-3115.

c) Any unearned portion will be returned by the college and/or the student in accordance with the method prescribed in regulations. The amount will be returned in the following priority order:

1. Unsubsidized Direct Loan (Other than Direct PLUS loans)
2. Subsidized Direct Loan
3. Direct PLUS Loan (if required)
4. Federal Pell Grant (if required)
5. Federal Supplemental Opportunity Grant (FSEOG, if required)
6. Iraq and Afghanistan Service Grant

d) Student repayment exceptions:

1. Loan money will be repaid according to the terms and conditions of the loan promissory note.
2. Any wages paid to a student from the Federal Work Study program are wages earned and do not need to be paid back.
3. If a student is enrolled and drops from classes that do not span the full length of the term the student may be subject to the Return of Title IV calculation and the conditions delineated in 1 and 2 will apply.
4. If at end of the semester/term a student receives all “F”s or has a 0.00 GPA, the Financial Aid Office will determine if the “F” grades were earned or if the student's last day of attendance / classroom activity was prior to the last day of classes for the semester. If no record of attendance or classroom activity past the 60% point of the semester/term is found, the Return of Title IV will be calculated assuming attendance at the 50% point of the semester. The conditions explained in 2 will apply.
For the 2022-23 academic year, the following dates represent the 60% of point of each term:

<table>

<tr>

Any student planning to withdraw from classes or drop out of school should contact the Financial Aid Office and consider discussing the decision with an academic counselor. There are programs and/or services to assist students in staying on track with their educational goals.
FINANCIAL AID CONSORTIUM AGREEMENT

This agreement is entered into by San Diego City College, San Diego Mesa College and San Diego Miramar College, hereinafter referred to as the member institutions, for the purpose of establishing a Financial Aid Consortium within the San Diego Community College District (SDCCD). The agreement is designed to permit eligible students of the member institutions specified in this agreement to continue receiving financial assistance from one-member institution while enrolled for a portion of his/her program at another member institution.

Pursuant to Federal Regulations 34 CFR 600.9(a) and 690.9, the member institutions will allow financial aid students, concurrently enrolled in two or more colleges within the SDCCD, to combine their total enrollment for the purpose of determining financial aid eligibility.

In order to initially receive funds, a student must have a valid ISIR (Federal or State) application with the college where the student intends to receive his/her financial aid. This college will be known as the home campus of record. In addition, all three colleges will be able to view the student’s record, regardless of the school code on the FAFSA.

All requested documents will be submitted by the student to the campus of record. This agreement includes the internal sharing of any non-year specific document submitted to either of the other two colleges within the San Diego Community College District without the student’s consent as stated in the FAFSA application.

If, during the payment period, and/or after the first scheduled disbursement of the term, the student changes the academic program and remains enrolled in at one of the other member institutions covered by this agreement, the student’s enrollment status and financial aid eligibility will remain valid at the initial campus of record for that academic year regardless of the student’s program or major.

We, the undersigned, Financial Aid Officers of the member institutions and Vice Presidents of Student Services of the member institutions, and the SDCCD Vice Chancellor, Student Services agree to the terms of this Agreement which shall be in effect from July 1, 2018 until modified or rescinded by mutual agreement of the member institutions.

OVERPAYMENT POLICY FOR FINANCIAL AID RECIPIENTS

This policy applies to all programs except the Federal WorkStudy program.

1. The payment period for student financial aid awards will be one semester.

2. The college will consider an award overpaid when:

   • Payments made to you are based on an invalid Financial Aid application.
   • After payments are made to you, the Financial Aid Office is later notified that you already have received a Bachelor’s degree (Federal Pell Grant, FSEOG, or Cal-Grant programs must be repaid).
   • Payments are made to you after you are no longer enrolled in the required number of units, except a Post Withdrawal Disbursement as provided by the Return of Federal funds regulations.
   • Payments are made to you, but you never attended a class session, such as in the case of late start classes.
   • Payments are made to you, but you drop all your classes on or prior to the 60% point of the semester.
• After payments are made to you, the Financial Aid Office is notified that you are in default on any Federal student loan or under a grant overpayment for funds received at another institution.

• After payments are made to you the Financial Aid Office is notified that you had received financial aid from more than one institution during the same enrollment period.

For an overpayment based on dropping/withdrawing from ALL classes, you have 45 days to repay the overpayment in full or make satisfactory repayment arrangements. If after the 45 days you have not made satisfactory repayment arrangements,

your overpayment will be referred to the Department of Education and you will not be eligible for any Federal aid at any institution until you contact the U.S. Department of Education to make satisfactory repayment arrangements.

For an overpayment based on any of the other reasons listed above, you have 30 days to repay the overpayment in full or make satisfactory repayment arrangements, your overpayment will be referred to the Department of Education and you will not be eligible for any Federal aid at any institution until you contact the U.S. Department of Education to make satisfactory repayment arrangements.
If you have defaulted student loans, you have options. Depending on which option you choose, you may regain your eligibility for financial aid, improve your credit, and in some cases remove the default status from your credit report.

**Satisfactory Arrangement to Repay**

If you are in default, you are not eligible to receive federal education grants or loans (Title IV or state aid) unless you have made satisfactory arrangements to repay the owners of your defaulted loans.

Satisfactory arrangements to repay means: you must make on-time, minimum monthly payments that are acceptable to the owner of your loan for nine consecutive months.

Lump sum payments do not count when determining satisfactory arrangements to repay; nor do payments that are made involuntarily, such as those due to wage garnishment, unless paying in full.

The owner of your defaulted loan must verify that you have made satisfactory arrangements to repay. If you default on your student loan, the owner is generally the agency that guaranteed it. The guarantee agency’s name should be present on your promissory note and other correspondence made to you after your loan defaulted. In some cases, the owner may be the Department of Education.

Once you receive a letter from your Guarantor or agency holding your loan verifying that you’ve made satisfactory arrangements to repay and are authorized to receive additional federal grants and loans, you cannot miss any more loan payments for any reason. If you do, you cannot regain eligibility for federal grants and loans a second time using this option. Satisfactory arrangements to repay will not remove your defaulted loan from your credit record. A copy of this letter must be made available to the Financial Aid Office prior to processing your financial aid file.

**Loan Consolidation**

If you are in default, you can return to repayment status through loan consolidation. To be eligible to consolidate, you must have made satisfactory arrangements to repay your defaulted loans with the owner of the loans for three consecutive months. Through this program, your eligible federal-education loans can be combined into one loan. Depending on the size of the debt, you may have 12 to 30 years to repay your loans. When you consolidate you regain eligibility for loan deferment. After consolidation, your credit record shows the loan as paid in full. You are also eligible for additional federal-education grants and loans.

**Loan Rehabilitation**

If you are in default, you can return to repayment status through loan rehabilitation. Each loan servicer is responsible for operating a Loan Rehabilitation Program for the defaulted loans it owns. Normally, you would have to make satisfactory repayment for twelve consecutive months. Contact your guarantor for further information. If you rehabilitate a defaulted loan and then default on that loan again, you can’t rehabilitate it a second time. Rehabilitation is a one-time-only opportunity.

**Loans Discharged in Bankruptcy**

Few people meet the criteria necessary for having their loans discharged in bankruptcy, so this section may not apply to you. If your loan is discharged in bankruptcy you remain eligible for federal education grants and loans. Bankruptcy papers do not verify discharged loans. A letter from your Guarantor is necessary.

**Borrowers Who’s Loans Have Been Canceled Due to Permanent Disability**

If your loan has been canceled due to permanent disability, you can regain eligibility for federal education grants and loans. You must get a signed statement from your doctor indicating that your condition has improved sufficiently to work and attend school. You must also acknowledge that future Federal Loans cannot be canceled on the basis of any disability present when the new loan is made unless the disability gets significantly worse.

If a borrower whose prior loan was not discharged due to a total permanent disability wishes to take out another FSA loan, he must obtain a physician’s certification* that he has the ability to engage in substantial gainful activity, and he must sign a statement acknowledging that the new FSA loan obligation can’t later be discharged for any present impairment unless it deteriorates so that he is again totally and permanently disabled.

* The student only needs to obtain the physician certification once; the school keeps a copy of it in the student’s file. The school must collect a new borrower acknowledgment from the student each time he receives a new loan.
SATISFACTORY ACADEMIC PROGRESS & YOUR FINANCIAL AID

Satisfactory Academic Progress (SAP) for Financial Aid (not to be confused with a school’s Satisfactory Academic Standards)
A student’s eligibility for financial aid will be determined using these Standards.
The POLICY FOR STANDARDS OF SATISFACTORY ACADEMIC PROGRESS FOR FINANCIAL AID RECIPIENTS is effective with Summer 2020 semester and supersedes all previous standards.

Please be aware, the Satisfactory Academic Progress (SAP) policy has changed. The SAP standards have been strengthened and the appeal process and the reinstatement process are now enforced more rigorously.

INTRODUCTION
Federal regulations require that colleges set standards that you must meet in order to be eligible for financial aid and to keep it from one academic year to the next. Even if you have never applied for or received financial aid, your overall history in college will be reviewed before you are awarded financial aid to make sure you are meeting these standards. To be eligible for aid, you must comply with all standards regarding maximum time frame, completion rate and cumulative GPA.

A. DECLARATION OF YOUR MAJOR
You must declare a specific major area of study. You may choose an Associate degree or transfer program. Our catalogs list the requirements for various majors. If you are undecided about your major course of study, we suggest you discuss your educational objective with an academic counselor.

San Diego Mesa College Baccalaureate Pilot Program:
You may declare that your major is the Health Information Management (HIM) Program only after being admitted into the program.

B. ACADEMIC PLAN
We strongly recommend that you obtain a counselor-approved Academic Plan*. Your Academic Plan is an unofficial outline of the courses you need to complete your major. You use it as a guide to see how many credits and required courses you have completed at all colleges, and how many more credits and required courses you need to complete your educational objective.

*To get an Academic Plan, you must make an appointment with an academic counselor at your campus.

C. STUDENTS TRANSFERRING FROM ANOTHER COLLEGE
If you transferred from a college outside the San Diego Community College District (SDCCD), you must request an official academic transcript from the college(s) you attended to have an Academic Plan developed. Transcripts will be reviewed by the District Student Services staff to determine the transferable credits. Transferable units are defined as those containing a letter grade with the exception of any “W’s”. These units, including “P” grades, will be used to determine if you have exceeded the Maximum Time Frame (Section D) and the Completion Rate (Section E) in SAP calculations.

D. MAXIMUM TIME FRAME
The number of units to complete a Certificate or Associate Degree varies based on the major. Federal regulations allow for a maximum time frame not to exceed 150% of the published length of the academic program. For example: (Academic program of 60 units x 150% = 90 units for the Maximum Time Frame.

Completion of the Baccalaureate Degree in Health Information Management (HIM) at San Diego Mesa College normally requires 120-semester units. Based on federal regulations, a student admitted into this program is allowed a maximum
completion time frame not to exceed 150% of the published length of the educational program (HIM) 120 units x 150% = 180 units.

- You may receive aid until you have attempted the Maximum Attempted Units based on your current Academic Plan. This includes units attempted within the SDCCD and all transfer units counted by the SDCCD.
- You may receive financial aid for up to 30 attempted units of remedial coursework. A maximum of 30 units of remedial coursework will be excluded in the calculation of the maximum time frame.
- ESOL classes are not counted as remedial coursework.
- The maximum time frame will be adjusted for a change of major.
- Repeated courses will be included in determining the maximum time frame.
- Academic renewal does not apply to the Financial Aid standards and the calculation of units attempted and completed.
- If you do not have any SDCCD credits attempted then, any transfer credit that has been posted to your record will be used.

E. DETERMINATION OF ACADEMIC PROGRESS (COMPLETION/Pace RATE)
In order to be making satisfactory progress you must complete at least 67% of all units attempted within the SDCCD colleges. For example: (30 units completed / 42 units attempted = 71.42%).

- Units completed are "A" through "D" grades, or "P" passing with credit.
- Units not completed are "F" grades, "W" Withdrawal, "I" Incomplete, "NP" Not Passing or "RD" Report Delayed.
- Remedial courses and repeated courses will be used in the determination of academic progress (completion rate).

Your academic progress will be evaluated once each year at the end of the spring semester. A year is defined as summer, fall and spring. Using our professional judgment, we may monitor your SAP on a case by case basis once a semester.

Exception: If you are enrolled in a Certificate program that does not lead to an Associate Degree, your academic progress maybe evaluated every semester.

CUMULATIVE GPA (GOOD STANDING)
In order to be making satisfactory progress you must maintain a minimum GPA from all units attempted within the SDCCD colleges. Your cumulative GPA progress will be evaluated once each year at the end of the spring semester. A year for Satisfactory Academic Progress purposes is defined as summer, fall and spring. To be in Good Standing:

- You must have a cumulative GPA of 2.00 or higher at the end of each year.
- If you have all “P” grades with a 0.00 GPA, you will be considered to be making SAP.

DISQUALIFICATION
You will be disqualified if, at each cumulative, yearly evaluation period, you:

- Have completed less than 67% of the total cumulative units attempted
- Have not met the 2.0 cumulative GPA Progress standards
- Have attempted more than 150% of the maximum attempted units based on your current academic plan
- Have earned a Bachelor or higher degree (includes 1st Professional, Bachelor’s, Master’s and Doctorate degrees). This includes degrees from all colleges in the United States or from foreign countries.
F. APPEALS

If you are disqualified and you have documented extenuating circumstances such as injury or illness, death of a relative or other special circumstance, you may submit an appeal to your campus Financial Aid Office for the Appeal Committee's consideration.

Appeals will be considered in the date order in which they are received. Your appeal and any supporting documents must be received in the Financial Aid Office no later than the third Friday before the end of the semester or your last day of classes, whichever comes first, for the semester that you are filing an appeal.

Note: To submit an appeal, you MUST obtain and submit a counselor-approved Academic Program Plan. In your appeal, you must include the following:

- Why you failed to make Satisfactory Academic Progress
- What has changed or what steps you have taken that will allow you to make Satisfactory Academic Progress (SAP)
- If you have a Bachelor Degree or higher, please explain why you are enrolled at a community college and the purpose of returning to a two year or less academic program.

If your appeal is approved, you will be placed on “Financial Aid Probation” for one payment period (one semester) only and you must make Satisfactory Academic Progress (SAP) and comply with any specific conditions in your appeal decision. If you do not make SAP or meet the conditions in your appeal decision, you will be disqualified again, and you must meet the reinstatement conditions as described in Section G to be considered for further aid.

The decision of the appeal committee is final.

G. REINSTATEMENT FROM SECOND DISQUALIFICATION

You may apply again for financial aid after complying with all the specific conditions in your previous appeal decision and you must be enrolled in at least six applicable units or in the remaining units required to complete your current degree or program. We will evaluate your enrollment and progress at the end of the semester and after final grades have been posted to determine if you have followed these conditions and are therefore, under federal regulations, eligible for one additional semester of aid under “Financial Aid Probation”. If it is determined that you did not follow all the conditions, you will be sent a notification of your disqualification.

You may need to submit a new appeal for every academic term you want to be considered for further financial aid. Reinstatement is not an automatic process and is not guaranteed.

APPLICABILITY OF THESE STANDARDS

These standards apply to the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work Study (FWS), Federal Direct Loan Program, Cal Grant programs and any other Federal or State programs that may be required to follow these standards. These standards supersede all previous standards.

The "Policy for Standards of Satisfactory Academic Progress for Financial Aid Recipients" was approved by the San Diego Community College District Student Services Council on November 29, 2018.
